ABHISEK PRAHARAJ

abhisekpraharaj246@gmail.com — +91 8116048683 — GitHub — LinkedIn

SUMMARY

Computer Science undergraduate with a strong academic record and hands-on experience building full-stack and frontend web applications. Proficient in Java, JavaScript, React.js, Next.js, REST APIs, and modern web development tools. Experienced with authentication, payments, cloud services, deployment, and collaborative software development. Seeking Software Engineer, Full-Stack Developer, or Web Developer opportunities.

EDUCATION

Bachelor of Technology in Computer Science and Engineering 2022 – 2026
Haldia Institute of Technology / MAKAUT CGPA: 9.46 / 10 (through 6th semester)

Higher Secondary Education (XII), WBCHSE 2022
Contai Model Institution 96.40%

Secondary Education (X), WBBSE 2020
Bahiri Bradley Birt High School (H.S.) 91.86%

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML, CSS
Frameworks & Libraries: React.js, Next.js, Tailwind CSS
Backend & APIs: REST APIs, Node.js, API Integration
Databases & Cloud: PostgreSQL, Supabase, Appwrite
Developer Tools: Git, GitHub, Docker, Postman, Vercel
Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks, System Design

PROJECTS

Meta Mart Next.js | React.js | Tailwind CSS | Clerk | Stripe
- Developed a responsive full-stack e-commerce platform using Next.js and modern React architecture.
- Implemented user authentication and account management using Clerk.
- Integrated Stripe for secure online payment processing and checkout workflows.
- Designed responsive interfaces using Tailwind CSS for desktop and mobile devices.

Store It Next.js | Appwrite | React.js
- Built a cloud storage web application supporting file upload, preview, sharing, search, and sorting.
- Implemented secure OTP-based authentication and integrated Appwrite for backend and storage services.
- Developed a responsive interface for efficient file management and accessibility.

DSA Tracker Next.js | React.js | JavaScript | Tailwind CSS
- Built a web-based DSA progress tracker with topic-wise problem categorization.
- Implemented completion tracking and progress monitoring for consistent practice.
- Developed a responsive interface using reusable React components and Tailwind CSS.

EXPERIENCE & TECHNICAL ACTIVITIES

Hacktoberfest *Participant, 2025*
- Contributed to open-source repositories, gaining practical experience with Git-based collaboration, version control, and code review workflows.

Smart India Hackathon *College-Level Participant, 2025*
- Selected at the college level and collaborated in a team to analyze problem statements and develop technology-driven solution ideas.

Google Cloud Arcade *Participant, 2025*
- Achieved the Novice Tier with 28 points through hands-on Google Cloud labs and exposure to core cloud services.

LEADERSHIP & POSITIONS OF RESPONSIBILITY

Tech Member, Indian Society for Technical Education (ISTE) *2023*
- Contributed to technical initiatives, workshops, and academic activities focused on engineering skills and professional development.

Tech Member, Institution of Electronics and Telecommunication Engineers (IETE) *2024*
- Participated in technical activities and knowledge-sharing initiatives involving electronics, communication systems, and emerging technologies.

ACHIEVEMENTS

- Achieved an 80-day coding streak on GeeksforGeeks.
- Achieved Novice Tier in Google Cloud Arcade with 28 points.
- Ranked among the top 3% of the academic batch in Computer Science.
